### BELFORSHIP QHSE Policy

**BELFORSHIP** aims to achieve the highest standards of Quality, Health, Safety and Environment

**BELFORSHIP** is committed to protecting the health and safety of its employees, customers and business partners, and to minimizing the impact of its operations on the environment.

Risk assessments, project meetings and toolbox talks are regularly conducted to proactively identify and mitigate risks. HSE aspects are considered at early stages of any business process and potential concerns are eliminated. People are our most important asset. We strive to comply with applicable legal, regulatory, industry and corporate requirements.

**BELFORSHIP** is committed to providing customer value and satisfaction in marine logistics through well-defined processes and continuous improvement. Quality is our main competitive advantage. Requirements and expectations of our customers must be satisfied. We differentiate ourselves through operational excellence and development of innovative and reliable services.

We endeavour to foster close relationships with customers and we strive to meet the expectation of other involved parties and stakeholders.

All personnel are informed, educated and motivated by their management to understand this policy. They are subject to regular training and certification. Compliance to this QHSE policy is an essential part of their engagement to Belforship.

**BELFORSHIP** is committed to developing a long-term sustainable business, preventing pollution and minimizing the environmental impact of the operations.

We will perform with integrity by instilling a quality culture and safety presence in every area of service we provide.
